

Christmas in a Bag

2021

Welcome to *Christmas in a Bag* 2021! We're excited that you've found space in the middle of this crazy holiday to take some time to press pause and connect with God and with others, and we have been praying that God would use this simple resource to encourage and bless you in this season.

Here's what we're encouraging you to do as a part of this activity:

- Start by getting some people together, preferably as many as possible, and playing a nice, competitive game of Journey to the Manger. Good luck (and try not to land on the Herod space too many times)!
- Read the Christmas story. You can find a Christmas narrative that blends the accounts of Matthew and Luke together in this folder, or you can go straight to Matthew 1 and/or Luke 2 in your Bible.
- Go to the Revision website to the *Christmas in a Bag* tab or go to the Revision YouTube Channel and watch the short *Christmas in a Bag* devotional video from Mike.
- Read through the Christmas Devotional in this folder, and spend time thinking and talking through the questions.
- Take some time to pray, either alone or as a family.
- That's it (although you may want to play another round of Journey to the Manger at this point, especially if you weren't the winner before)!
